## INTRODUCTION

The *Bermuda National Bibliography* records the publishing activity of Bermuda and provides a reflection of the social, economic and cultural endeavours of this country. The bulk of these materials are obtained through Legal Deposit which allows us to maintain a permanent record of an important aspect of the Island's cultural heritage.

### Legal Deposit in Bermuda

The first Legal Deposit legislation in Bermuda was The Printed Publication Act, 1971, which only covered print materials. This Act was amended by The Legal Deposit Act, 2008 which greatly broadened the scope covered.

The Legal Deposit Act, 2008, which repeals Section 5 of the Printed Publications Act 1971, sets out the requirements regarding the deposit of new Bermuda publications in the Bermuda National Library. A small section is reproduced below:

#### **"Delivery of copies of publications**

- 3 (1) This section applies to—
- (a) a person who publishes a publication in Bermuda; and
  - (b) a person who is resident in Bermuda, or whose principal place of business is in Bermuda, and who publishes, or commissions the publishing of, a publication outside Bermuda for distribution or making available in Bermuda.
- (2) Subject to subsection (5), every person who publishes a publication shall within seven days after the date of publishing it deliver a copy of the publication, at their own expense, to the Head Librarian for deposit in the Bermuda National Library.
- (3) The copy shall be delivered in the medium in which it is published, unless another medium is prescribed."

### General Selection Criteria

Included are works about Bermuda and Bermudians, published both locally and abroad, works published in Bermuda on other subjects, and works published abroad by Bermudians. Emphasis is on items readily available through normal book suppliers or through the author or publisher. However, Bermuda has a small and unique publishing environment so unpublished and privately-printed titles are often deposited with the Bermuda National Library. These are included in the *Bibliography*.

### Media Covered

The *Bibliography* covers monographs, periodical publications, published and unpublished Government and other reports, audio-visual materials, and items in other formats when applicable. Some theses are included; particularly those covering subjects significant to Bermuda.

Many Bermuda Government documents are only made available online as PDFs. These and other electronic documents are not included in the *Bermuda National Bibliography* but they are collected by the Bermuda National Library whenever possible. Some Government Departments print out their documents specifically for deposit at the Bermuda National Library. These printed copies are catalogued and included in the *Bibliography*.

Fiction published outside Bermuda with a Bermuda setting is not usually included unless the author has a local connection. These items may form a part of the general circulation collection but are not considered to be a part of the Bermudiana Collection so do not appear in the *Bibliography*.

Posters, tourist and promotional fliers, event programmes and other ephemera are not usually included in the *Bibliography* even though representative examples of these kinds of publications may be collected by the Library.

### **Cataloguing Codes and Standards of Description**

The list is arranged according to the 23rd edition of the *Dewey Decimal Classification*. New materials are catalogued according to the provisions of *Resource Description & Access (RDA)*. Records for continuing publications originally created prior to 2014 follow the *Anglo-American Cataloguing Rules*, Second edition, 2002 revision (updated 2003-2005).

Subject headings are derived from an in-house format for local authority records which is based on the *Sears List of Subject Headings* and the *LC Name Authority File*.

Occasionally notes have been left out or abbreviated. Full bibliographic records (including MARC format) can be viewed in the online catalogue via the Bermuda National Library's website at [www.bnl.bm](http://www.bnl.bm).

"Mollusks' innermost selves are absolute secrets because, not only do they hide in shells or distant habitats, but also that's just how it is with innermost selves. Daughter of Mother-of-Pearl collects Mandy-Suzanne Wong's reminiscences, dreams, investigations, and experiments in being with small invertebrates whose vulnerability and creativity inspire radical reimaginings of Earthlinghood. In graceful linked essays, Wong wonders: What constitutes a self if a starfish can twist off one of his arms to explore the seafloor on its own? What is an animate being, considering a living snail is also an inanimate shell? What does love mean to a jellyfish, or time to an octopus?"—Provided by publisher.
